**Your practice goal should be to complete between 4 to 6 practices each week!**

## Students:

Write in your practice day only when the following are complete:

- Scales/Warm-Ups complete each practice
- Didn't forget to practice any pieces
- Theory/Sight-Reading/Special Assignment complete if assigned
- Met daily goal for practice time that we set at your lesson
- Used metronome as asked
- Fixed mistakes where marked
- Practiced willingly without complaining
- Practiced thoughtfully with goals for each practice

**Parents:** Initial Complete if the above goals were met for the week, incomplete if they were not met.
